

AFP provides customer-focused, cost effective products and services. AFP is a packaging engineering, manufacturing, and sourcing company that delivers market expertise in providing customized material neutral packaging solutions; including environmentally friendly options. AFP designs, produces, manufactures, and sources protective packaging for product manufacturers and direct shipping environments.

AFP is a family-owned and operated enterprise founded in Austin, TX in 1978 and in February 2017 became a WBENC-Certified Women's Business Enterprise. AFP has six facilities across the United States and a global presence in Asia and Mexico.
